

# AGENT FOR THE SUGAR PLANTERS IN NEW YORK

Opens an Office for the Purpose of  
Enlisting an Army of White La-  
borers for Hawaii.

From the New York World.

Thirty thousand men are needed im-  
mediately in Hawaii by the sugar  
planters, and efforts are being made  
to secure the men in this country.

So great is the demand for hands  
that the planters will spend an enor-  
mous sum in this country to secure  
them. George E. Baldwin, repre-  
sentative of the Hawaiian sugar men,  
has opened an office at No. 3 Pearl street  
and is engaged in securing men. Mr.  
Baldwin was inspector of immigration  
at Honolulu and resigned his position  
to enter the employ of the planters.

Mr. Baldwin is now at Vancouver,  
sending sixty-four men to the islands.  
Frank Alves, who represents him dur-  
ing his absence, said yesterday:

"When the United States took over  
Hawaii the planters knew they would  
have to let the Chinese and Japanese  
laborers go, and were rather glad of  
it. The men of Asia cannot work as  
well as the Europeans. One sturdy  
white man can do more work than  
three yellow men.

"The planters expected that there  
would be a rush of men from the United  
States to the islands, and so they  
let most of their workmen go. But  
men did not go to the islands from the  
United States, and the sugar planters  
are in a bad way for hands.

"Fifteen thousand are needed im-  
mediately and fifteen thousand more  
will be needed inside of a year. We  
pay a man's fare out there and provide  
him with food and good accommoda-  
tions while he is traveling. In Hawaii  
a man is required to work ten hours  
a day, and we pay him \$22 a month  
and provide him with good board,  
lodging and medical attendance. Over-  
time is paid for.

"We especially want men with fami-  
lies, and any man who wants to take  
a wife with him may do so, and we  
will pay her fare. We will also defray  
the traveling expenses of their chil-  
dren. Women may work if they wish  
and their pay will be \$15 per month  
and board and lodging. Children who  
are able to work will get \$10 a month.  
The planters hope to populate the is-  
lands.

"The Asiatics eat rice almost exclu-  
sively, don't care for meat. Well, as  
workers they cannot compare with  
the meat eating Europeans. The yel-  
low man starts out all right in the  
morning and lasts until about 10  
o'clock and then gets weak. His little

meal of rice can't give him strength  
to last through the day. Three hun-  
dred meat eaters are worth as much  
as a thousand rice eaters."

## Mr. Harrison Buys a Lease.

Fred Harrison, the local contractor,  
has bought a valuable lease from Sen-  
ator Clark of Wyoming. The lease  
the senator held an option upon was  
the lot at Fort and Beretania streets,  
adjoining the Catholic Mission, and  
required that building operations must  
begin by the end of this year. Senator  
Clark did not choose to build. Mr.  
Harrison intends to build to suit his  
tenants. He has not decided whether  
the building will be of brick or stone,  
but will make all plans when the  
necessary tenants are secured.

## What Baby Saw in the Woods.

A 4-year-old girl wandered away  
from home near the Bonanza mine re-  
cently and was lost in the mountains  
for forty-eight hours. When recover-  
ed she was quite unharmed. She told  
of having seen a big black dog with  
two puppies, which she tried to catch  
"but they ran away after their mam-  
ma." The "dog" was a bear and the  
"puppies" were her cubs.—Portland

## Cloud Photographs.

The demand for the best in photo-  
graphy has been met by King Bros. in  
their latest productions of cloud ef-  
fects, finished in platinum.

Familiar and beautiful scenes sur-  
rounding Honolulu are now made in  
the most attractive form.

This is made possible by a discovery  
which permits treatment of the ordi-  
nary plate in such a way as to make  
them sensitive to certain color rays  
absolutely necessary in making per-  
fect cloud photos. No means are spar-  
ed in the production of these photos  
and is it a pleasure to note that their  
efforts are being appreciated.
